# PUBLIC GATHERING SPACES – What We Heard

We heard that creating a sense of place that reflects the community is important to you. This includes a vibrant public space, high quality landscaping, safe & open spaces, and a central place for the community to gather.

# PUBLIC GATHERING SPACES – Flexible For Various Activities

We envision creating a flexible outdoor space for the community that can accommodate a range of programming activities such as festivals, artisan markets, movie nights, and other community-oriented events.

What types of activities would you want to see here? Let us know!

# PUBLIC GATHERING SPACES – Features of a Successful Space

Thoughtful design is an important part of realizing a comfortable and welcoming public space. As we refine details for the public realm and public gathering spaces, we will be considering a number of things including lighting, landscaping, and space allocation, among other criteria.

What features make a successful public gathering space? Share your feedback with us.
